

ZEEEKS PIZZA

WELCOME TO ZEEKS

Our philosophy for making rowdy Northwest pizza is simple: *everything is there for a reason*. And it all starts with our secret dough recipe, fresh herbs and seasonings. Next, we layer on fresh ingredients to bring out flavor — full throttle, big time flavor. Go ahead and try one of our signature combos — or build your own — and experience the full-on Northwest flavor of Zeeks Pizza.

What's so special about our pizza? Everything.

Dough — You won't find this flavor-packed pizza crust at any other pizza joint. There's no oil in our secret recipe dough. It's simply made with the best dry ingredients available, plus a healthy dose of salt to bring out all the flavor goodness. Why saturate dough with oil when it doesn't need it?

Black Pepper — You probably won't see it, but you can taste it. We season all our pies with black pepper, sprinkled directly on the dough and under the sauce. It cooks through until you can't help but ask, "What do they put in their pizza that makes it taste so good?"

Olive Oil — Another thing you might not see, but you'll be sure to enjoy: we lightly brush every pie with olive oil before anything goes on it. It's an essential element to making an amazing pie that brings out the texture and flavor of our pizza — from crust to center.

Roma Tomatoes — If you are going to cook a tomato, it should be a roma tomato. It's known for being consistent in quality, firmness and year-round flavor. The roma becomes even more delicious when it cooks up — it's sweeter than other tomatoes. Which leads us to...

Tomato Sauce — We know from years of experimenting that a sauce low in acidity tastes better — and it doesn't give you heartburn either. We mix the sweetness of cooked tomatoes with the crispness of uncooked tomatoes to make an amazing tomato sauce.

Herbs — Every day, our cooks chop fresh-picked herbs for our pies. Oregano, basil and cilantro. We're all about fresh in our kitchen.

Mozzarella — We never skimp on flavor. That's why we've recruited Wisconsin Jersey Cows to make our delicious mozzarella. Whole milk equals whole flavor, so we don't need to use as much to pack a flavor punch for your taste buds.

Pepperoni — We've tested, tasted and perfected the pepperoni pie. We know that each pepperoni slice has got to be the right size and thickness to crisp up when we bake it. And it's got to have some kick too. Try it yourself and you'll get what we're talking about.

Real ingredients = real flavor.
